I have two large bags of ice in my freezer that I'd like to get rid of. I can trade up deserts for ice if you want but that assumes there will coolers to put the ice in.

I'll let the soda and water guys answer that question.

Les, time will be pretty much dawn until 4PM. There is no real set agenda. They'll be fishing early while the tricos are hitting and then a break for lunch followed by more fishing. The experienced people will be lending support to the newbies especially early on. As far as what to bring, we're getting tough on items, so take a look at the list and see if you can think of something you'd like to bring.

'Squatch, Dog and H-A will keep this going until 4. If it is anything like last year, there will be plenty to eat (maybe not hot stuff) at 1 and then I would guess nymphing would bring the best shot at fish. I think there is a group going to dinner at 4. I have business travel early Sunday so I won't be able to stay much past noon.
