The Harman's North Fork Invitational is a competitive event built to have fun and catch a lot of trout along the whole stream. We stock before the competition, but it would be almost impossible to have a competition at Harman's and not stock before it. Why? Because we stock about every two weeks. In general we stock a percentage of 10% 4Lbs+, 40% 2-3lbers, and 50% 1lbers 10 months a year.

We do not modify or change the percentages based on the competition.

Remember the competitions rarely raise money or generate profit for the local businesses. They typically cost us thousands of dollars and months of effort. In 2014 Harman's has 2 Project Healing Waters events, one legends competition event, the HNFI, 1 wounded warrior event, and multiple other events.

Again, none of these events would ever occur at Harman's without a stocking program.
