Nice. Yeah the shirts I have now are similar. One is a PFG shirt that is light blue, and I wear that one musky fishing. The other one is a cabelas shirt in khaki that I got when I tried out for the US Youth FF team. I like the cabelas one on days where it isn't too hot, but if its real hot out, the PFG is much more breathable.

Also, the cabelas shirt wrinkles like nothing I have ever seen before haha. But who really cares I mean we're walking around in a river for pete's sake.
