Hi snakeman, and welcome to paflyfish.

Check out [this](#) link to a thread in the Events forum.

We do a couple of beginner events each year, and they'd provide exactly what you are looking for.

There's directions in both threads for the Fish & Chips event (it's this Saturday), and it'd be about a 30 minute drive down the turpike for you.

There will be instruction on just about any topic regarding flyfishing streams in the area, and you'd be able to tag along with an experienced fisherman to see what it's like.

If you want to try out the fishing, I'm sure someone would let you try your hand for a bit with their gear, and there will also be instruction on fly casting.

Should be just the ticket for you. Some of us will be arriving at dawn, and more will gather as the morning goes on. Look for a gathering alongside the fly shop - the directions link will take you right there. Make sure you bring a current license w/trout stamp if you want to fish the stream with us.

[Directions.](#)
