OK - gotcha.

Are you free Sunday? I'll drive up there, bring along a spare rod and reel for you to use, get you up to speed on casting, and take you fishing.

I was gonna fish not too far away from your area anyway - if it helps you, I'm all for it.

Best I can do....[/QUOTE]

That's very generous, thank you. I am free on Sunday, but I believe my wife is working and we have a 6-month old. I will touch base with her about her schedule. If she is working, it is probably not until noon or later, so we could still do the morning.

Where were you planning on going? I usually go to Tobyhanna creek, on 940 near where it meets up with 115. Had good luck with rainbows there. But if you've got another spot in mind in the area, let me know.

Thanks again! Sorry I (most likely) can't make the meet tommorrow, I wish I could. You guys seem like a friendly bunch.
