Welcome to the jungle!

If you can manage the drive to the Turnpike/80 junction, I can give you ride to the event and back. I'll be leaving from Carbondale around 5:30 in the AM to head down. Would put me at that intersection around 6:30, I think.

(I'll also bring a 5 wt setup you can use.)

PM me if you'd like to ride down.

There is so much you can learn from this group of *ahmen, cough, choke* gentlemen that you should really make this event.
