Welcome to the jungle!

If you can manage the drive to the Turnpike/80 junction, I can give you ride to the event and back. I'll be leaving from Carbondale around 5:30 in the AM to head down. Would put me at that intersection around 6:30, I think.

(I'll also bring a 5 wt setup you can use.)

PM me if you'd like to ride down.

There is so much you can learn from this group of *ahmen, cough, choke* gentlemen that you should really make this event.

That would be awesome! Very nice of you to offer. This forums seems full of friendly, helpfulJust ot clarify, you mean the junction of 476 and 80, correct? I could do that. I will send you a pm to work out details.

Should I bring something? Case of soda, perhaps?
