Jeremy,

Congrats on the new position and you are moving to a great area to fish. I am from Howard originally that is on the other side of two mountains from you. I have a great friend who lives just outside of Lewistown. He took me to fish Standing Stone Creek a few months back. There is also Kish Creek and Honey Creek. Honey Creek is a great little stream on the eastern end. Tough to access but an awesome wild brook trout stream. There is also a great little bar/restaurant near there called the Wilderness. The stream flows down through New Lancaster Valley I think. Once you get back in there you are only a few miles away from Penns Creek as well. Here is a link to a map provided by the PA Fish and Boat Commission <http://fishandboat.com/specreg.htm> Let me know if you have any questions.

Thanks,
