Had a great time out on the boat drinking beers and catching blues. Everyone caught their limit but they were all pretty small. VERY tasty though. Some of the best bluefish I've ever had.

Captain said if it were a weekday he would've gladly let me fly fish, but it was mobbed. There was another guy who brought a flyrod too and was asking to bring it on. The captain said he hadn't had anyone ask that before, let alone two in one day hahah
