unless you've been swept up in the economic recovery, \$60/90 just doesn't compute. I love them for Christmas and never return them. ExOfficio makes a nice cotton shirt or did. I wore mine out like my old jungle fatigues. I will look at some of the outlets mentioned but orvis trout bum at \$90.00 is out. don't you love the orvis sales where you have to me Andre the Giant or Mickey Rooney to find our size. I'm retired so I'll just use up the old Van Husen button downs.

ALL my shirts were purchased on sale. You are right I would never spend that kind of money on a shirt. Most of mine were in the \$25 to \$40 range.
