I've fished Lake Mead for stripers on baitcasters, but never tried the lower Colorado for anything or by any means yet. It sounds intimidating, actually! I wouldn't know where to start. That's where I would probably break out my 8-weight Orvis 10' rod that I didn't bother bringing up here because it's way outside the discussion for a small creek. For the Colorado on big water with big fish and strong flows, however, it sounds like the ticket.
