Awesome, thanks for the info guys. Wont be doing the kayak for the week. If anything, I might rent one and fish the sound area for a day. My brother was pushing me to rent the kayak with him for the week to fish the surf, and I just wasnt positive that it would give us any advantage. Sounds like it wont.

Umm, sandfly, you used to see sharks just out of the surf? I have to admit, that was one of my fears of the kayak in the surf lol. We have all seen the videos of guys landing fish in a kayak and the fish getting pounded by a shark right alongside the boat.
