You will be able to tell where the gamelands are by the 25 cars parked everywhere. At the current temps, you can fish all the way down the main to Lordville....so....anywhere above that for the next 23 miles. John is right that NY license is needed above the gamelands. I'll be up Saturday-Tuesday. Caddis will be up, McWilliams, timmyt and maybe beast brown. Give anyone of us a shout and we can point you in the right direction. Don't expect the fishing to be overly user friendly this time of year. They've been getting pounded for months and a LONG leader and perfect drift is needed in the heavily pressured sections like the gamelands.
