Spent a little time at the vise tonight and put together two classic patterns: the Mickey Finn and the Clouser Minnow. I tied three different variations of this pattern. I was looking for something a little different to try at some of my SMB spots. Lookin' forward to giving these a shot. Here's how I tied 'em.

Hook: Mustad C70SD Size 4

Thread: 6/0 Light Cahill

Body: Pearl Flashabou

Eyes: X-Small Red Dumbell Eyes

Here are the variations (as they appear in the photo):

Top Fly: Yellow Bucktail/Red Bucktail/Yellow Bucktail

Middle Fly: Yellow Bucktail/Pearl Krystal Flash/Red Bucktail/ Yellow Bucktail

Bottom Fly: Yellow Bucktail/Red Krystal Flash/Yellow Bucktail

I have always enjoyed tying Clousers and with all of the different colors of bucktail, krystal flash, flashabou and dumbell eyes available many interesting variations of Clousers can be tied.
