yep, I also have fond memories of Dusty....my DeLorme Atlas is still highlighted by streams he turned me onto. Those were good days, but unfortunately times do change and the fly shop business ain't what it used to be. Roland is a great guy and living his dream and I'm honestly surprised by the negative vibe a couple of you are throwing his way. The shop has come a pretty long way since he took over, what he's trying to do there ain't easy in the current environment and I wish him nothing but the best.
