Hey DF,

I've been fishing the D since I was a kid (a long time ago) and agree that it's very crowded now when compared to back in the day. It's a big river though, and most times you can find a spot to fish away from the crowd, even on the WB. The crowds thin a bit in the summer and the WB is often the only game in town with good temps and flow. This season, at least lately, the flow and temps are good in all branches and stems. Lotsa water to fish. Good luck.
