Well I wanted to thank everyone for their input. The campsite is booked in Smokemont for Columbus Day weekend. My dad and I (and hopefully my brother!) are leaving Lancaster at 4am, hoping to arrive in the Smokies by 3pm (a couple stops for chow and chittin). We'll be fishing the Oconaluftee watershed area. We've got a couple maps, a list of streams, and I've joined the Little River Outfitters board (thanks beeber2). They've been extremely helpful in letting me know what to expect as far as conditions, flies, etc.

I'm getting really excited now.
