i fell asleep in a chair by the campfire. When i woke up , hours later i assume , i fully expected to be either painted or tied to the chair or worse yet robbed!!!

back in my younger days if you fell asleep while partying with your shoes on theses were common practices, and if you were an obnoxious drunk you were sewn to the couch you passed out on.

but on track glad to hear a good story, and making it out ok!

FI and I tried, but couldn't figure out how to get the needle through the wood bench.
