I've met a couple of really good people on here and some pretty damn good fisherman. I've attended 2 jams but didn't bring gear. Just went up to hang out. I've attended some of the newbie jams to assist pointing new guys in the right direction and organized a few jams of my own. Good guys, common interest and beautiful surroundings. Can you really ask for more?

Osprey,

If I make next years jam, I'll bring a roller and a gallon of latex semi-gloss. What's your favorite color? 🎁

Not to worry, I'm shifting my Catskills trip to late May so I can chase the bigger bugs.
