I've seen guys use an 8 wt, and if you know how to use it you'll be fine. Most of the kings are 20lb max so yes it's a big fish, but not unbearable for an 8wt. Check craigslist, ebay and the swap forum, you may find a solid 9 or 10 wt for \$100 if you look hard enough. Problem is, everyone else is looking for the same thing this time of year.
