Rio Perspective WF3. I was going to go with the Rio Gold but they were sold out. So I bought into the marketing hype and decided I'd give the Perspective a try and bought the last of the 3wt they had.

I'd be interested to know how the different line works out for you. I couldn't remember what line this rod was designed for. I knew I didn't want to line it heavy (GPX or Grand). I'll be honest I probably have a lot to learn about fly line.
