Isn't Ol Lefty from Lewistown? Or down that way anyhow. I'd try and go with what a local tells you , those streams are written about with much ado but my favorite in that area is on east to Mifflintown exit , go right off the exit and look for what we used to call the old GUSS state park it's Fishing Creek in Mifflin county and then it's upstream till you run out of water. There is a special regs section and i'll never forget you go past a cabin with a sign that says "Rattlesnake".....some real good wild brown and brook in the headwaters. GOOD LUCK!!!
