Question about if I can keep the fish or not

Hello! I am 100 percent new to fly fishing and fishing in general but I would still like to give it a shot. I apologize if my question is silly but I cant find the answer anywhere and I have searched "www.fish.state.pa.us" up and down. I would like to get into fishing for the sport of it, I see it as relaxing but if I happen to catch a very large fish I might want to keep it with the intention of eating it, can I? I understand that there is a limit to how many fish I can keep per day, but is there a restriction to only being able to keep fish from a certain area, all within season of course. If its any help im in the Montgomery/Leigh county.
