hey like ya said, better than nothing. Cool Spring isn't really anything to write home about outside of stockings. This past spring I had a 14 catch day there right above the big rock. Talked to Bob down at the neshannock fly shop and got the 411 on fall trout season. Stocking is to be done Oct. 1st. BTW I am also from greenville, hit me up this fall if ya wanna meet up, spit the #censor#, and rip some lips.
