Jbomb,

I was in CO last summer on a fly trip. Best trip in my life so far. We fished the Upper Colorado, Muddy Creek, the Pan, Roaring Fork, and the best one of them all was the Yampa. If you can somehow fish the Yampa you wont regret it. I went out with PA guide Ben Turpin. The yampa is like the Pequest, except with much more fish, and a lot bigger fish. The upper colorado around this time of year is pretty good on dries. We fished a lot of creeks with Stimmys. If you want more info about the Yampa let me know.- Kev
