-and that's how you learn about reels! I took it apart again and compared to other reels and basically learned what does what, why it's where it is, and how to fix it. Working fine! Gonna work on re-spooling the 7/8 now (that much backing takes FOREVER, but what a bonus if I ever need any of it..!) and I feel pretty good about being able to take apart most reels and have an idea about what I am doing!
