Bonefish for sure.

crazy charlies, sz. 6 - 1

gotchas same size

borskis bonefish critter 6 -4

Margarita Clouser 6 - 1

tarpon

Red Devil 1/0

quote)

Try wading the flats at Prospect Point, Breakers and South Sound on the last of the incoming or first of the outgoing. All tailing fish over very very heavy turtle grass. Even blind flies need good weedguards. Best luck on turd variations, 6's and 8's, rust and tan. Would have tried a urchin fly too in retrospect. Very spooky fish - we used 16-20 ft leaders on 7wts. Good size fish, honest 4-6lb average, but very wary. You'll see. Call Davin Ebanks at Bayside Watersports for guided trip.
