Went over at lunch...They stopped carrying waders in store there sometime last year. Asked if they just had a demo pair for me to check out the construction on, but they didn't. Bummer, shoulda called...a Chik-Fil-A run salvaged the trip though!

Thanks again for the help guys. I may just buy them blind online or try to get up to Allentown...I have a trip to Tioga Co. planned in September, and I'll need them for that, but it's not an immediate need now. Will keep an eye out for any Cabelas sales on their house line waders in the meantime too.
