Jkc,

Welcome to our online community. I live in Gettysburg and will be happy to recommend some places. In the meantime, we just had a thread on fishing around G-burg and you might care to peruse this. If you're mainly after trout, the better spots are north of G-burg. Closer to Baltimore is the Gunpowder River but this is in Maryland so you will need a license for MD rather than PA. Be aware that MD does not allow felt soles due to didymo in the Gunpowder and other waterways.
