Try casting a Sage VXP 7100-4 - a great Erie steelhead rod. If you want to take it anotehr level, the Sage 7100-4 ONE is an awesome rod, but you definitely don't need it's abilities on Erie tribbs. If you were fishing larger rivers, say on the OH side, maybe go with the Sage ONE 7100-4. I love that rod; but, I own the VXP.
