Nice fish. I hadnt been Fly fishing for trout in over 30 years and went to the SB Codorus Creek this sunday for 2 hours. I caught several creek chub and one 6" wild brown. All on a #16 Beadhead prince. Not the greatest catch but beautiful day and saw some great wildlife (deer, Heron, king fishers).

Im in York and still learning the waters around here and am available to fish on Sat and Sun Mornings anyone want to meet up and go let me know. glen.e.walter@gmail.com
