Good job Melvin. Welcome to PA Flyfish and welcome to the great sport of fishing the fly.

The Stream Reports forum is used for reports on specific streams with locations and dates are included.

As George the Fox wrote, there are many noobie events on the stream and a Beginner Forum, where new FFers can post with questions and get advice and as well, post things such things like this great thread and video about your adventure.

It will be moved into the Beginners Forum.

Again, welcome to PAFF.
