Make a call and see what they have in demo for you to cast. Based on your location, drive 45 minutes to the west branch angler, demo rods, make decision. I'm pretty sure they have sage, orvis and winston. Drive 10 minutes to DRC and check their demos. I think they have Scott and a few others. Sage one and Helios 2 are really nice but on smaller water, you might find a different rod performs better at closer distances.
