[PA Could Lose \\$27M If Endangered Species Bills Become Law](#)

Of course the key word is 'could,' but still, I fail to see how changing the system that is currently in place benefits the state as a whole.

Also, did anyone see the part of the hearing where they are questioning whether some of the language in the bill was omitted. What a joke show.

Bottom line, these guys just can't help themselves from getting down on their knees taking shots of dollar bills to the back of throat.
