Hey Everyone.

I am wanting to sell my Tenkara USA Iwana 12ft. I have another tenkara rod in mind that I want and this is the one that would need to go. I would absolutely love to get \$120 shipped and paypalled. The rod includes the rod sock and the tube as well. I can throw in a line holder or two and a few flies to sweeten the deal.

Let me know if you have any offers, and I am always open for trades too on another tenkara rod if something pops up that I like.

Steven
