Tenkara USA Iwana 11' (Plus Lines and More)

Hey all,

I just moved to Wisconsin from Pennsylvania for school. Unfortunately, I need some extra money for college expenses. I am very impressed with this equipment, but have some trouble with the length and line on small densely forested brookie streams. Probably just me though, I'm still quite inexperienced. I've used the rod about three times and it's in perfect condition.

I am willing to trade for "western" (as tenkara people deem it) equipment or fly-tying tools, but you'll have to make an offer I can't resist because, like I said, I'm trying to pay for school. Nonetheless, it's hard to take the fly-fisher out of me just for money haha.

Like new, barely used, here's the list:

- Tenkara USA Iwana (Rod) 11 Feet (330 cm) and 5:5 Action (Softer)
- Tenkara USA Metal Case and Rod Sock
- Tenkara USA Level Line #4.5
- Tenkara USA Line Holder
- Tenkara USA Booklet
- Fuji EZ Keepers Line Holders
- Small Tenkara Line Holder
- TenkaraBum Hi-Vis Tenkara Line, 20 Yards, Size 3 (Some of which is currently on the rod, but haven't used up or thrown out any)
- TenkaraBum Tip Grip

All this stuff brand new is currently about \$185. I'm asking for \$125, including shipping. Once again, \$125.

Any questions or comments, feel free to PM me.

We'll probably do this through Paypal, though I'm open to other methods if that doesn't work for you.

I'm having trouble uploading pictures, so if you want to see some just PM me. Though honestly, it basically looks like it does on any of the products' websites.
