Unistretch is a very different material, but I agree the coating will make any substitute work on this pattern. Spanflex is the closest thing to Flexi floss, and you can get it at TCO.

[http://www.tcoflyfishing.com/TCO\\_Fly\\_...\\_oduct.cfm?productid=39190](http://www.tcoflyfishing.com/TCO_Fly_..._oduct.cfm?productid=39190)

Flytyers dungeon sells something called bug body that seems to be the same material.

Mike.
