Hi Turkey,

My box is a 4 tray model.

Front tray = open. I ditched the felt nymph pads it came with and put a piece of self adhesive velcro on the bottom. I use medium size C&F inserts in it to hold nymphs. Works great!

Second & third tray are the 15 compartment configuration.

Fourth tray is the same, but deeper than the middle two.

Honestly, I wouldn't change a thing - I like it just the way it is (now).
