Purchased one of these after reading this thread back when Millerstime placed the4 original post. I wanted something for warm weather fishing rather than wearing my usual vest.

This sling bag has worked well for me. Plenty of room for all the gear I want to carry (Which is too much!) and comfortable to have on all day.

Plus if you get in the camo, no one can see it and make man-bag jokes. 😊

Seriously, if you want to try out a sling bag, this one is well made and the price is pretty darn good.
