Yeah I paired it up w/ my canvas creel for my water and other "long hike" needs (food, TP-which I haven't needed yet!, etc.). I only take the creel for all-dayers though. For a few hour jonts, it's just the Richardson.

I'd like to order new straps for it though. I have the really old straps. They're rainbow colored, and a bit narrow so they dig into my neck a little when I'm not wearing a collared shirt.
