Dear FNG\_IN\_AK,

I have no experience with the TALS system but I appreciate you posting the link because I'm pretty sure I'll be buying one for wade spin fishing.

Regards,

Tim Murphy 😊

Will be interested to hear what you and Sandfly think of this system, when you get them. I'll be ordering one for myself, for float tubing -- but that test drive might have to wait until next season. There's "Termination Dust" on the mountains in the east of the city, and it's already getting a bit brisk to be submerging half of my body.

Best.
