URL:

which one is the best for fishing a late evening to sunset ?

are hatches more prevalent on one than the other ?

i was planning to fish Big Spring in the afternoon, go check into the hotel around 5pm then head back out for dusk and the evening rise.

i;m staying in Shippensburg, so either creek is not far away.

definatly plan to fish the FSB in the morning before the long drive back east.

cheers

Mark.
