With rivers, don't people ALWAYS use "The?"

Regardless of whether the work "River" is included at the end or not?

People say:

Last Saturday I fished "The Delaware River."

Or

Last Saturday I fished "The Delaware."

But no one says:

Last Saturday I fished "Delaware River."

But, people do say:

Last Saturday I fished "Slate Run."

Regarding "The Pennypack." People say that? That seems cringe-worthy.
