Secret to fishing Stony, Dauphin, PA?

Author: : PTinPA

URL:

I'm new to this website, and relatively new to fly fishing (2 years experience). I have fished stony creek past the gait in the sgl 5-6x with no success. I enjoy the scenery and the seclusion of Stony, but feel I'm growing tired of arduous, non-productive wading trips.

Does anyone have any suggestions on where to fish in Stony?

Any tips would be appreciated!
