Fished from about 7am to 11:30am. Started where Spruce flows in and worked my way downstream about a mile. Caught 3 football shaped rainbows 16-18" and 2 smaller browns. Saw another gentleman doing pretty well with a spinner also. Water was clear, no water temp but my car said about 39 degrees when I parked and 67 when I left.

Just outta curiosity, would the rainbows be fingerling stocked or does Spring Ridge stock bigger fish for it's clients? I think I noticed a clipped fin on one of them as well.
