Not a newbie but that would be a new water for me and have wanted to check it out. I had promised my nephew a float on the Susky for smallmouth. If that fizzles out, I'm in. Actually, I'm hoping it fizzles out....can't afford to keep buying rods since he's snapped 3 in the last 2 outings. LMAO

I can't laugh but witnessed one of the snapping's in ny at the movie theater...you have to start using ugly sticks, my two year old uses his as a baseball bat and has not broken it yet.
