while kayaking the susky this summer we were a bit behind schedule and were approaching the hatch, my buddy's wife was complaining about the bugs before they even started....when they came off she was crying because she said they were attacking her, I told her no they were not attacking her just using her as a whore house.

also, I had 3 channels on my fly rod and almost into the boat but lost them all, none landed yet. I was cheating though, using bait.

obvious fail is obvious
