Hopefully you'll be out and casting in short order, just don't rush it. When we're out fishing it seems like you're taking it all in but as you've discovered being preoccupied with catching fish distracts from more than we think. I often go to my favorite stream when I've a lot on my mind without a rod, after awhile things just feel better. There's so much going on stream side it's a great place to be, as all of us know. 😊
