Anywhere from the hatchery road bridge down is very good. Above hatchery road its very good for over a mile but watch for posted signs, some of the land may be posted. Most of the creek is open to fishing though.

As for hatches, there will probably be tricos around, but not every day. Your best best is # 18 Baetis, both adult and spinners, the spinners fall in the evening.

There are always midges if you like that kind of fishing.

You can always tie on an Al's Rat.

Thank you for your service.
