Crappie rod? Don't you mean Tenkara and I did not take your 202. 😊

Nope, those long crappie sticks came out after that. I know exactly what you are talking about and glorified cane poles is all they were.

The original crappie rod Zebco did was the the precursor to what became all of those short Snoopy rods and what ever they have become today. When they transitioned to the long crappie rods, the Snoopy rod was born. I bet I got that thing in about 1975. It's at home on a book shelf. I'll have to photo the thing.
